

What we've been up to:

Intensive Support

Targeted towards children, young people and families such as: those with Adverse Childhood Experiences and trauma; looked after at home; experiencing adversities, (including parental mental ill-health, family alcohol or drug use, domestic abuse or bereavement); or those with challenges in their peer relationships and community settings such as Child Sexual Exploitation and coming into conflict with the law.

We provide families with a scaffolding of flexible intensive support. This works to keep families together and to resolve any family conflict – supporting them to communicate with each other more effectively. Our support is provided 7 days a week, 365 days per week through 1:1 face-to-face, virtual and/or groupwork methods. Outwith planned support, workers can be contacted via their mobile or through WhatsApp.
